April 21, 2003

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
Los Angeles, California 90012

Dear Supervisors:

APRIL 22, 2003 - BOARD AGENDA ITEMS # 34 AND # 50

On April 22, 2003, your Board will consider Items # 34 and # 50, county-wide classification actions. This item will eliminate a long standing inequity that currently exists between the Los Angeles County Sheriff's Department and Fire Department dispatchers compensation levels. The Sheriff's dispatchers are compensated at nine percent lower than their counterparts within the Fire Department.

I am pleased that the Department of Human Resources has determined that comparability exists between these dispatcher positions based upon assigned responsibilities. Your Board's approval of these items will recognize that the similarities of both departments' dispatchers warrant equitable compensation. I look forward to your Board's favorable action on these related items without further delay.

Sincerely,

LEROY D. BACA
SHERIFF

A Tradition of Service

Director of Personnel

Subject: **COUNTYWIDE CLASSIFICATION ACTIONS ITEM NUMBERS 55
AND 107, BOARD AGENDA OF MAY 13, 2003**

Item No. 55 on the Board Agenda of May 13, 2003 is the Department of Human Resources' (DHR) recommendations regarding Countywide Classification actions. Item No. 107 includes the necessary County Code amendments to implement the recommended Countywide classification actions. On April 22, 2003, your Board carried over these DHR recommendations to implement a wide range of Countywide classification actions based on your concerns regarding the recommended consolidation of public safety dispatcher classes.

Background

In February 1999, your Board approved the DHR Classification Strategic Plan which included a number of strategic initiatives including a five-year schedule to review and update classes in the County Classification Plan and, where possible, reduce the total number of classes. To achieve this goal, DHR developed a Classification Maintenance Program with a five-year classification review cycle to review all active classes and conduct key occupational studies to update, streamline, and simplify the County classification system.

DHR Recommendations/Dispatcher Classifications

Item Numbers 55 and 107 include a recommendation to consolidate comparable dispatcher positions in the Fire and Sheriff's Departments. These recommendations are in accordance with 1) Civil Service Rule 5.01, Standards for the Classification of Positions and 2) the Board approved County Strategic Plan which establishes a goal of reducing the number of County classes. These recommendations also take into consideration the fact that most public jurisdictions surveyed combine Fire and Sheriff dispatchers into one class series.

Each Supervisor
May 8, 2003
Page 2

The findings of our classification study indicate that dispatchers in both Fire and Sheriff are required to:

- Respond and dispatch public safety personnel to critical, including life threatening, emergencies.
- Coordinate and deploy "back up" assets of public safety personnel.
- Monitor field units while emergencies are in progress.
- Provide assistance to the public, other public jurisdictions and other emergency services agencies.

The consolidation of existing public safety dispatchers will have significant benefits including:

- Assisting in the recruitment efforts for dispatchers in both the Sheriff and Fire Departments by increasing the candidate pool.
- Eliminating the need for duplicate competitive examinations which will 1) reduce costly administrative processes for separate but directly comparable classes and 2) enhance customer service by permitting an applicant to apply for similar dispatcher positions in different departments at one time.
- Correcting inequitable classification levels for directly comparable positions.
- Reducing the number of public response dispatchers classifications from eight to four.

The classification study found no significant difference in the nature, scope and level of work performed by incumbent Fire and Sheriff dispatchers. When the Fire Dispatcher class series was initially created in 1989, the job duties and responsibilities were assessed at the same level as the dispatchers in the Sheriff's Department and the salaries were set at comparable levels. Since that time, the negotiated salary adjustments received by the represented dispatchers in the Fire Department created the current salary inequity which will be resolved by consolidating the classes.

The Sheriff concurs with the dispatcher classification study and findings. The Fire Chief does not concur with the dispatcher classification study and findings. However, the Fire Chief would be willing to implement the consolidated dispatcher classes in two phases as follows: Phase 1) immediate implementation in the Sheriff's Department and Phase 2) the Fire Chief to work with the Chief Administrative Officer, DHR and the Executive Officer of the

Employee Relations Commission to develop a plan to merge the Fire Department's Dispatchers into the new classes. We do not oppose such a two phased implementation approach.

Please let me know if you have any questions.
